

Grande Cache Fish Game and Gun Association

Executive Meeting Minutes

January 9, 2022

Present: Joe Plante, Ian Strom, Greg Nolan, Josh Schultz, Mark Crowe (pres.)

Absent: Cassie Corbin, Dan Peterson, John Hammer

Review and approval of previous meeting minutes and financial statement:

Minutes-none available; general recap of past few months

Financial Statement (attached at bottom): Approved unanimously

Topics of Discussion:

Club was contacted by a group of clubs in the area in regards to participating in communicating with the Province and other stakeholders in regards to hunting seasons, limits, draws, grizzlies and caribou conservation- round table discussion, will reach out for more details to bring back to group.

Joe informs us that the furnace has started acting up. Initial look seems to show cracking at the manifold. Will contact Kenton Fehr and others to inspect and get a quote for replacement/upgrade.

Joe and Laurie have put in a few LED strips for lighting in the meeting room. Discussion followed, resulting in the decision to order more, will get more input from everyone later but the two tried already are a HUGE improvement.

Casino- no more word other than we are scheduled for Q3/2022, so sometime in July, August or September. Please keep in mind and start recruiting volunteers for a shift or two.

Memberships and NFA insurance- Joe received a letter from the NFA informing us that their rates have increased immediately. Any memberships taken after Dec. 4 are already on the new rate, which has gone up \$3/person across the board.

Discussion after that was around membership fees- they are going to have to be increased- the question is how much, and how to bring in with the least fuss. Several options discussed, will get input from other Exec before AGM. Please bring ideas to next meeting.

Annual General Meeting- tentative date set for March 19th to try and avoid spring break vacationing and the Sunday blues that seem to hit meetings.

Also in regards to memberships, and some issues that have cropped up over the past year or so, it was decided our rules should be reviewed, cleaned up and edited if necessary, and a new process for incoming memberships to be given a copy of the club rules- either hard copy or digital.

Next Meeting Date: February 13th, at the range clubhouse

GRANDE CACHE FISH, GAME & GUN ASSOCIATION
